### EXAMINER'S AMENDMENT

Acknowledgment is made of the amendment filed on September 17, 2007 and the supplemental amendment filed on October 15, 2007.

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mehdi Sheikerz on December 14, 2007.

The application has been amended as follows:

**IN THE CLAIMS:**

- in claim 1, line 6, delete "said";
- in claim 10, line 7, delete "said"; and
- in claim 19, line 8, delete "said".

***Allowable Subject Matter***

2. Claims 1-20 are allowed.
3. The following is an examiner's statement of reasons for allowance: although prior art is known which teach a two-dimensional code extraction where an input image is scanned into

block units, the prior art of record fails to teach or fairly suggest either alone or in combination thereof a two-dimensional code extraction method, computer-readable medium program, and apparatus including:

detecting a plurality of regions of blocks corresponding to a respective plurality of two-dimensional codes, each region of blocks including a number of neighboring and contiguous blocks from among the detected blocks that satisfy specific conditions from the scanned blocks;

detecting one or more areas encoding respective two-dimensional codes, each two-dimensional code area enclosing by a margin a corresponding detected region of blocks including the predetermined number of the neighboring and contiguous blocks as the two-dimensional code.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Conclusion***

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
